Thanks Chuck, I suspect it's in and just hasn't been logged into our tracking system yet. I'll look for it today and let you know if it hasn't arrived.

Thanks again,
Wayne

Wayne,

Our management team reviewed the document. It was then sent to the county for their review and input. The document was finalized and mailed to the Division on April 8th. I would expect that you have it by now. If you cannot find this document at your offices, please let me know and I will get you another copy.

Sincerely,

Subject: Task #2088 - Road Information Request for Rilda Canyon Project

Dear Dennis,

Just following up on our last conversation regarding the status of your response to the Division's letter dated 12/16/2004 that requested supplemental road information for the Rilda Canyon access road. On January 13, 2005 you asked for a time extension which was granted until February 21, 2005. During our last meeting in your offices on March 17, 2005, you indicated that this information was under management review prior to sending it to us. Our records do not reflect receipt of this information. Would you please give me an update as to when we might expect your response in this regard?

Thanks Dennis!
